MATERIALS AND SURFACES

For SARIC, good design means offering options. The surface finish is an independent dimension of the product design at SARIC.

CONSTRUCTION

At SARIC, even the smallest detail is considered to be important, so that perfectly coordinated systems are therefore created. The modular concept enables individual planning – irrespective of whether highly frequented sanitary facilities or installations in public buildings, representative office spaces or barrier-free private comfort bathrooms.

SARIC offers individual solutions possible, perfectly coordinated to the respective application field. Varied designs, materials and colours can be selected and therefore provide countless design opportunities.
